ABOUT ME

I am a highly motivated full stack developer with a passion for creating beautiful, user friendly web applications. I am committed to continuous learning and staying updated with the latest industry trends to deliver top quality solutions. Currently, I am seeking new challenges as a Full-stack Developer where I can learn and grow professionally while making a meaningful impact through my web development expertise.

WORK EXPERIENCE

FULL STACK DEVELOPER ⚲ *Copenhagen*
CostBits
Jun 2023 - Dec 2023

- Engineered the innovative cost-bits application from inception, leveraging full-stack expertise to ensure robust functionality and user-centric design.
- Partnered with back-end developers and the lead developer to architect a scalable database model and intuitive APIs, enhancing system integration.
- Instituted front-end development best practices and style guides, ensuring a standardized and efficient coding environment.
- Elevated code quality and maintainability through rigorous code reviews and effective pair programming strategies.
- Worked in tandem with the design team to deliver a visually unified and seamless user experience across all digital touchpoints.

FULLSTACK DEVELOPER STUDENT/INTERN ⚲ *Copenhagen*
HackYourFuture
Sep 2022 - May 2023

- Graduated from an intensive Full Stack Developer Bootcamp, leveraging full-stack expertise in front-end and back-end technologies, with an emphasis on React.js for responsive UIs and JavaScript for sophisticated front-end features.
- I have expertise in database design and development with MySQL and PostgreSQL, including schema creation, intricate queries, and optimization.
- Become proficient in full-stack development principles, such as API creation, integration, and utilizing Git for efficient team collaboration.

PROJECTS

E-COMMERCE ADMIN/STORE

- Engineered a comprehensive full-stack e-commerce solution, demonstrating proficiency in both front-end and back-end development.
- Designed an intuitive admin panel for streamlined store and inventory operations.
- Created an aesthetically pleasing user interface to enhance customer shopping experience.
- Implemented secure authentication and payment systems with Clerk and Stripe, reinforcing transaction security.

Tech stack: NextJS, ShadeCN, Planetscale, TailwindCSS, Prisma, Clerk, Stripe

AIRBNB CLONE

- Developed a robust full-stack Airbnb clone leveraging cutting-edge technologies.
- Enhanced application functionality with Cloudinary integration for superior image handling and storage solutions.
- Implemented user authentication and authorization via NextAuth for secure and customized user interactions.
- Crafted a responsive and aesthetically pleasing UI using Tailwind CSS, optimizing cross-device compatibility.

Tech stack: React, TypeScript, MongoDB, Next.js, Cloudinary, Prisma, Tailwind CSS, and NextAuth.

MEAL SHARING

- Designed and developed a full-stack meal-sharing app where users can share meals.
- Designed and developed database schema as well as RESTful APIs.
- Crafted interactive interfaces with React and JavaScript enhancing user engagement and experience.

Tech Stack: React, JavaScript, MySQL, Node.js, Knex, Express

CINEMANIA

- Collaborated and let my team in developing Cinemamaia, a movie-sharing application for Hack Your Future.
- Developed login functionality using Firebase. and contributed to MySQL database schema design and management to ensure efficient data organization and retrieval.
- Developed RESTful APIs with Node.js and Express to facilitate seamless communication between front-end and back-end components, actively participating in feature development, testing, debugging, and deployment to demonstrate versatility and teamwork.

Tech stack: React, JavaScript, MySQL, Node.js, Knex, Express, Material-UI, Styled Components

OTHER WORK EXPERIENCES

WAREHOUSE PACKER, NEMLIG ⚲ *Copenhagen*
Nov 2019 - Apr 2022

- Executed precise order picking and packing, ensuring timely delivery.
- Proficient in Warehouse Management Systems (WMS) for tracking and label generation.
- Conducted meticulous quality inspections, fostering teamwork for efficient order fulfilment and adherence to safety protocols.

AUDIT ASSITANT, AUDITORSVILLE CORPORATE SERVICES PRIVATE LIMITED ⚲ *Chennai*
May 2016 - Jul 2018

- Expertly scrutinize financial statements for adherence to regulatory frameworks.
- Rigorously perform audit procedures, emphasizing data integrity and control evaluation.
- Contribute to the formulation of strategic audit plans, ensuring optimal use of resources.
- Articulate audit outcomes clearly to stakeholders, fostering improved transparency and informed decision-making.

JUNIOR ACCOUNTANT, BHARAT ELECTRONICS ⚲ *Bangalore*
Nov 2011 - Apr 2013

- Streamlined procurement and production cost analysis using SAP modules, enhancing process efficiency.
- Generated comprehensive cost reports to support strategic pricing and optimize resource distribution.
- Conducted meticulous cost variance audits to maintain adherence to accounting standards.
- Facilitated both internal and external audits with prompt documentation and query resolution.
- Drove financial reporting improvements, elevating both efficiency and accuracy.
